LONDON-(A)-British naval and air units, seeking to avenge the sinking of the 22,500-ton aircraft carrier Glorious, waylaid the 26,000ton German battleship Scharnhorst off Trondheim Fjord and badly damaged her, the admiralty said Saturday.

Shortly afterwards the Admiralty announced that a large Italian submarine, attacked with depth charges in the Gulf of Aden, had surrendered to the British trawler Moonstone.

Then in another communique the air ministry said Royal Air Force planes bombed the Krupp armament works at Essen, Friday night. Important German aircraft factories and storage buildings were re-

ported attacked by the heavy bomb-\* ers in raids which lasted an hour and a half. Direct bomb hits were scored on

the Focke-Wulf Aircraft Works at Bremen, the air ministry said, and six ammunition and supply trains between Bremen and Osnabruck were wrecked.

EDINBURG-The movement to organize a volunteer drill squad to teach young men the rudiments of military training is gaining headway here rapidly, J. J. Poinboeuf, dep-uty sheriff and World War veteran, said Saturday. Poinboeuf is acting for Harry Wilcox, commander of the Edinburg American Legion post, which will sponsor the squad.

He announced that A. C. Statham. Edinburg auditor and Legion member, has been named registration director for the unit. Registration blanks are expected to be made available shortly for volunteer enrollees in the squad.

"Quite a number of young fellows have already told us they want to join the squad," Poinboeuf said. "We've even had a lot of the real little fellows-too small to take part in such drills."

Under present plans, the squad would drill regularly at stipulated hours. One of the parks surrounding the county courthouse will probably be used for the drill grounds. If enough volunteers enlist in the group, several sections will be organized with a drillmaster for each. The groups would first learn simple drilling styles and then the

# **VALLEY STILL BATTLES FOR GUARDSMEN**

U. S. Must Provide More Units

McALLEN - State officials have advised Upper Valley civic leaders that there are no more units of the National Guard available, but local interests have not given up their fight for establishment of a military group here.

The campaign for an Upper Valley unit of the guard dates back to 1932 when Mercedes chamber of commerce officials and reserve officers started agitating for the move, explained a McAllen reserve officer Saturday.

A Mercedes delegation went to Austin and asked the adjutant general for a unit, but were told there were no more available. If any new allocations were made by the war department to Texas, the Valley request would receive every consideration, the delegation was told. New allocations have not been made.

There are about 100 units in Texas. the reserve officer said. Possibility that an anti-aircraft regiment might be formed in Texas is seen, with Beaumont, Galveston, Houston, Corpus Christi and Brownsville as possible sites. State Senator Rogers Kelley of Edinburg has been active in requesting such

# Knox Faces Senate Naval Probe On U.S. Policy Views And War Thoughts

# **SOLONS PLAN DEBATE OVER NEW FDR AIDE**

Intervention Action Will Be Watched

WASHINGTON-(AP)-Strong opposition within the Senate naval committee to confirmation of Col. Frank Knox' nomination to be secretary of the navy was reported Saturday after the committee decided to question him on his views toward United States policy and the war. One committee member, who said

he favored approval of the nomination, asserted that an informal poll indicated that if the vote were taken Saturday the nomination would be rejected, 11 to 5.

He expressed the opinion that whether the committee approved the nomination would depend on Knox' statement of his attitude toward possible intervention in the European war. Hearing Is July 1

Chairman Walsh (D-Mass) merely announced after the closed session that it had been decided unanimously to summon Knox for questioning on his views, and that the hearing probably would be held on July 1.

It was reported authoritatively, however, that it was proposed in the session that the committee issue a

**BE REBUILT** 

McAllen Theatre To Be Enlarged

McALLEN - Construction of a new and modern building to house the Queen Theatre in McAllen will start Monday, Manager L. J. (Shine) Mason announced Saturday. The new theatre, to be enlarged 50 per cent, will be opened August 1.

The building, now 90 feet long. will be extended to the alley to a length of 120 feet or more, allowing for an increase in seating capacity. The present theatre has 500 seats, and the new structure will have 750. They will be cushioned, similar to those in the Palace, which was reconstructed several months ago, Mason said.

The Queen will be air conditioned throughout, and spacious lounges for men and women will be added. A vertical neon sign will be placed above the marquee to advertise current attractions.

One source said this increase might be regarded as an indication of Argentina's determination to be prepared in a world "where right is rapidly giving way to might."
In Uruguay, President Alfredo Baldomir promulgated a new law banning associations devoted to foreign propaganda or illegal ends and

Details Are Withheld On All Demands

BORDEAUX -(A)- The French government announced officially late Saturday night that France and Germany had signed an armistice providing "hard but honorable"

"If the terms had not been honorable, France would have been ready to fight on in her colonies," French sources said.

The price Adolf Hitler demanded for peace, however, will not be announced officially until after France reaches an agreement with Italy and the cease firing order is

### Officials In Bordeaux

In a heavily censored dispatch, it was disclosed that the government remains for the moment at Bordeaux, the provisional capital. From that headquarters, official spokesmen said "fresh French troops" were holding firm along the Alpine frontier-beating back attacking Italians from Mont Blanc to the sea despite the menace of

German pressure from the rear. The Germans were pictured as pushing a spearhead down the Rhone Valley behind the frontier defense forces, slowly, steadily, despite valiant resistance.

# Fighting To Continue

The high command's night communique indicated that while the fighting was less severe, it continued in local combats all along the front.

The Germans apparently were pushing forward with advance and scouting units.

A war office spokesman said the tired Poilus "are continuing a desperate but not useless fight." Their resistance during the tense hours in which emissaries of their government discussed with the Germans the terms of armistice was said to have enabled France to hold

It has been in operation for the past three years and is held in the Baptist mission building. the use of which is donated by the Alamo Baptist church.

Miss Nana Smith, county nurse, is there every week to weigh and examine babies and to advise the mothers. She shows them how to prepare the feedings and has devised a way for them to keep the milk from spoiling for 24 hours without ice.

Dr. M. Mannering has been of great assistance, giving generously of his time and counsel. Mrs. Satterlee, president of the auxiliary has been instrumental in starting the free feeding of children at the Mexican school. The Alamo Lions club assists with the donation of milk, and Mrs. Pearl Cramer, teacher, has co-operated between school and clinic.

During the past year 1085 children have been attended, five gallons of cod liver oil has been given to the children who come with their bottles to be filled. Twenty-four X-rays have been made with more to follow this month. The clinic has given 22 smallpox vaccinations, 27 diptheria and 36 typhoid inoculations. Eleven children were taken to the free clinic at Harlingen for crippled children, three of which were recommended to the State Hospital at Galveston. The transportation for one was paid.

Mrs. Grant Montgomery has served as chairman this year assisted by Mrs. Clement Williams as co-chairman. Mrs. Angeleta de la Paz serves as assistant and interpreter.

HARLINGEN, McALLEN, BROWNSVILLE, TEXAS. SUNDAY, JUNE 23, 1940

SECTION TWO

Miss Betty Conley, (shown in upper center photo) daughter of Dr. and Mrs. C. C. Conley, Raymondville, has been an outstanding student at S. M. U., Dallas where she graduated in June. In her senior year she was president of Women's Self-Governing Association; a member of Mortar Board, Delta Gamma sorority, Pi Lamba Theta, and a Rotunda Annual favorite. She leaves soon to enter educational work of the Methodist Church.

A June bride who will shortly arrive to make her home in Harlingen is Mrs. Harvey Halsey Young, (pictured at upper right) the former Miss Charlotte Nickell. Wedding of the couple was celebrated June 14 in Houghton Memorial Chapel at Wellesley, Mass. Mrs. Young, a former student at Wellesley, is a member of Zeta Alpha. She has attended schools in Switzerland and in England and was a student in the Law School at Washington University.

Already a gay round of parties have been planned to fete Miss Jean Epperson of McAllen, whose engagement and coming marriage to James W. Glasscock, also of McAllen, were announced at a tea given by her parents, Mr. and Mrs. John C. Epperson, Thursday at their home. The first event on the pre-nuptial calendar will be a tea next week by a group of Edinburg hostesses.

# Engagement Announced At Elaborate Function Claiming Wide Interest

McALLEN—Two pioneer Upper Valley families will be united with the marriage August 6 of Miss Jean Epperson and James W. Glasscock, both of McAllen.

The engagement and forthcoming marriage of the well known couple was announced at a smart, summertime tea Thursday at the home of the bride-elect's parents, Mr. and Mrs. John C. Epperson.

The groom-to-be, a Valley newspaper man, is the son of Mr. and Mrs. J. R. Glasscock, who are listed among the earliest settlers in McAllen and who have been prominent in its growth.

Nation's Defense Is Given Boost

ODESSA -(A)- Elliott Roosevelt, Fort Worth radio executive and son of the President, urged the oil convention of the Permian Basin Association Friday to join wholehearted. ly in the nation's defense program. Admitting the nation was at present unprepared for war, Roosevelt warned dictators in Europe that after "avenues of masterful diplomacy and wise economic strategy' had been exhausted the nation would "be ready to show them what

brute force really means." Roosevelt discussed Texas' stralegic location and said "there is no question in my mind that the people of Texas are more keenly aware of the potential dangers inherent in our present situation than the citizent of any other state."

# Bob Hope Will Appear In Spooky Comedy Hit

Paulette Goddard Has Feminine Lead In 'The Ghost Breakers;' Torrid Zone Booked For Valley Showing

BOB HOPE and Paulette Goddard, recently seen toether in the screen production of "The Cat and the Canary," again share co-starring honors in one of the most hilarious mystery pictures of the season "The Ghost Breakers," booked for current showing Sunday and Monday at the Arcadia Theatre in Harlingen.

Action is the keynote of the picture, from the very first moment when Miss Goddard finds that she has inherited a haunted castle on an island off Cuba, until she finds out why it was haunted.

It is only natural that two people united in solving such a thrilling riddle should gradually drift into romance, although they are thrown together accidentally in the beginning.

Paul Lukas plays the villain, that is, one of the villains, and a very handsome one, indeed, Richard Carlson makes a dashing character come alive, and Willie Best, as Bob Hope's negro man-servant, is a great foil. Other members of the cast who add to the chills and chuckles include Anthony Quinn, Pedro de Cordoba, Tom Dugan, Virginia Brissac, Noble Johnson, Paul Fix and many others.

THE ROMANTIC trio of James Cagney, Ann Sheridan and Pat O'Brien share co-starring honors in the screen's new comedy drama "Torrid Zone," booked for current showing Sunday and Monday at the Rivoli Theatre in San Benito and at the Arcadia Theatre in Harlingen,

"Torrid Zone," as its title indicates, has its setting south of the border, down below Mexico way. Pat O'Brien is manager for the fruit company that owns most of Puerto Aguilar, which also makes him the virtual boss of the whole territory. He and his ace plantation manager, played by Cagney, have a standing feud, and are constantly striving to outsmart each other. Miss Sheridan, as an American torch singer trying to earn a slightly dishonest living in the tropics by cheating the natives

at cards after wowing them with her singing, helps the feuc along. O'Brien has her arrested and is trying to have her shipped back to the States, and Cagney inadvertently helps her to escape from her captors. She responds by falling in love with him, but he is far from receptive to her until circumstances give her the chance to prove that she's something more than just a gorgeous and unscrupulous show girl.

WALLACE BEERY STARS IN DRAMA OF EARLY WEST AFFORDING Wallace Beery his most colorful and convincing characterization since "Viva Villa," his latest picture, "20 Mule Team" is a saga of the Death Valley pioneers who dug borax and hauled it to the

railroad by mule trains across the blistering desert sands. Beery outdoes any of his recent roles as Muleskinner Bill Bragg. best driver of the route by his own admission. As the Indian "swamper." Piute Pete, Leo Carillo is at his dialect peak. And as the hotel and saloon considers himself virtually engaged to her. Marjorie Rambeau comes nearer to filling the shoes of perfect comedienne than anyone else in

Supplying the junior "heart interest" are a young pair of great omise: Noah Beery, Jr., shows himself a chip off the old block in his first role with his uncle, and Anne Baxter, newcomer from the New York stage. Young Noah has easy assurance as the company paymaster, Mitch, while Miss Baxter reveals both charm and fire as Jean, Josie's daughter. "20 Mule Team" is booked for current showing Sunday and Monday at the Ritz Theatre in Weslaco.

# ANNE NEAGLE STARS IN MUSICAL COMEDY

"IRENE," one of the most popular musical comedies of all time, come o the screen with the lovely British star, Anna Neagle, in the title-role and Ray Milland co-starred as a New York playboy who falls in love

en road companies coviring the nation at the time it made its appearance, "Irene" scored an unqualified hit with audiences the country over, and the picture promises to be an even greater success. The four tunes that were featured on the stage, "Alice Blue Gown," " Castle of Dreams," "Irene" and "There's Something in the Air," are stressed in the picture, and a brand new number by the same composers, "You've Got Me Out On A Limb," is also woven into the offering.

Such favorites as Roland Young, May Robson, Billie Burke, Arthur Treacher, Isabell Jewell, Marsha Hunt and Doris Nolan also have featured rolls in "Irene." Young as the busy manager of Madame Lucy's, Miss Robson as the heroine's stubborn grandmother and Miss Burke as a fluttery society woman.

"Irene" is booked for current showing Sunday and Monday at the Capitol Theatre in Brownsville and at the State Theatre in Mercedes, Thursday and Friday.

### SPENCER TRACY PLAYS ROLE OF EDISON BRINGING to the screen a true-life picture of one of the most be-

loved American characters of all-time in a story that is faithfully authentic yet thrillingly dramatic, "Edison, The Man," is to be seen Sunday and Monday at the Palace Theatre in McAllen.

The picture stars Spencer Tracy, twice named by Hollywood players themselves as the screen's leading actor and now acredited with being the leading portrayer of real-life characters because of his earlier performances as Father Flanagan in "Boys Town," Henry M. Stanley in "Stanley and Livingstone" and Major Robert Rogers in "Northwest

Tracy is surrounded by a stellar cast including Rita Johnson, Lynne Overman, Charles Coburn, Gene Lockhart, Henry Travers, Felix Bressart and dozens of other well known actors.

# France's Overseas Empire Is Big Worry For England

### French Fleet Of Little Value To British As Industry Not Geared To Work

By KIRKE L. SIMPSON

The fate of France's overseas empire is of greater concern to the world at large than even the fate of her fleet, now reported in British

nands.

There are definite limitations upon usefulness to the British of the French fleet—fourth in size among World navies. Lacking the industry ashore that creates and maintains it, no fleet would remain in effective fighting force beyond the exhaustion of its available stores of ammuni-

tion for its guns and spare parts for its complicated mechanisms.

The greatest danger that Britain faced with French defeat was that both the French fleet and an unimpaired French industrial establishment

menace to England.

In British hands, the French fleet is of less value.

British industry is not geared to French naval specifications any more than is German or Italian. Keeping the French ships up and munitioned would be a terrific job for British industry and would complicate the problem of keeping Britain's own fleets to maximum war effectiveness.

Colonies Out Of Reach

But what of France's orphaned overseas colonies and possessions? They are definitely out of German or Italian reach while Britain still rules the seas. Nor should it be forgotten that in the last dark hour before France reached the end of her endurance and sought an armistice. Britain proffered her full poli-tical and economic union. Whether that offer might still hold

good for a symbol of French sovereignty driven into exile is not clear. The latest word from the French temporary capital at Bordeaux said that France turned down the Brit-ish ofter because there was no time to put the plan in operation.

U. S. Of Europe Seen But it is a striking illustration of British thought at this dire hour in her history, and of the post-war Europe she might seek to build if she survives. It is the first long step, involving even proffered submergence of Britain's national iden-

tity, to attain a United States of Europe, even of the world. That is Britain's formal proposal for a voluntary new order in Europe and much of the world. It offers at least a place of temporary refuge behind Britain's fleet for the or-phaned fragments of the French, Dutch, Belgian, Danish and Nor-wegian overseas empires.

Stamp For Tri-City Airport Proposed

McALLEN — If a government-sponsored airport is secured for the joint use of Mission. Edinburg and McAllen, the field will be the third of its kind in the United States, ccording to a San Antonio stamp

collector.

William Forbes of San Antonio suggested to the McAllen Chamber of Commerce that a special cachet be issued for the first airmail leaving the tri-city airport. He said only two other cachets for tri-city fields have been issued in this coun-

try.

The cachets would find a ready market, Forbes said.

### Anaesthetics Prove Success On Rabbits

MEXICO CITY—(P)—The Department of Health announced Saturday that a member of its research staff had completed "highly promising" experiments on rabbits with a new type of anaesthetic, which appeared to possess certain qualities superior

to existing anaesthetics.

Doctor Luis Lozano, the department said, after a series of tests eported that the animals recovered from the new sleep-producing ele-nent in less than a minute and suffered no uncomfortable after-effects.

Improvement Is Seen For Midland Airport

WASHINGTON -(P)- Secrecy shrouds the extent of the war de-partment's interest in the Midland, Tex., municipal airport, but the fact remains that the army air corps nas gone out of its way to suggest that the field be expanded.

This became apparent when F. P. Harrington, Works Projects Administration commissioner, issued list of 73 proposed projects, including Midland airport, on which priority as to allocation of funds would be given because of their importance to the national defense.

# **Designer Of Engineering** Works Settles In Valley

By A. D. HAWKINS

BROWNSVILLE—William Griffith Moler, 81, of Charlottesville, Va and New York City, one of the foremost engineers in the United States and Mexico, recently selected Brownsville as his residence.

He is living near the Mexico he loves so well, but at the same time living with his brother, H. B. Moler, 1249 Washington street, NW.

Until his retirement only recently, Moler had served as purchasing gineer and fiscal representative in the United States from 1918 to 1939 of Cia. Fundidora De Fierro Y Acero De Monterrey (Monterrey Steel and Iron Works).

And despite his retirement, hese has still retained his powers of representation of the 20,000,000-peso Monterrey, Mexico, firm.

Traveled Extensively
Moler has not only traveled extensively in Mexico, but also in Germany and England, where he studied mathematical and scientific subjects, 1883-90, and in Spain where in 1925 he studied and developed the Ebro River power and irrigation

project.

World-wide traveler, engineer, scholar and author, he praised the strategic position of Brownsville as both a seaport and airport, and his both a both in regarded as highly settling here is regarded as highly significant.

Moler specialized in railroads, highways and hydraulics, and for many years was a consulting en-gineer. He was the chief engineer of several railroads. He designed and built four water works; surveyed and designed the landscaping of Natural Bridge, Va., and surveyed and designed several townsites.

He is a life member of the Amercan Society of Civil Engineers.

Born In Ohio

Born in Springfield. Ohio, October 1, 1858, and graduating from Ohio Wesleyan University at the age of 20, later obtaining a master's degree, his rise in the engineering field is an interesting story.

The young college graduate made preliminary railroad surveys from Lancaster, Ohio, to the Ohio Indus-trial Home. The next three years, he served as professor of mathe-matics and German at Portsmouth, Ohio, high school.

Stepping always higher, and into vaster responsibilities. Moler in 1884 became superintendent of Green-field, Ohio, schools, and within the next seven years was also city en-gineer and chief engineer of the Ohio Southern Railway.

Consulting Engineer He became firmly established as a consulting engineer is the period between 1891-98 with a partnership in the firm of J. D. and William G. Moler, serving professionally as a civil and consulting engineer.

That period saw him as chief engineer for the Ohio Southern Railroad. Kanawha and Gauley Coal and Coke Company, including a railroad for coal mining, Ellijay Land Company's lumber railroad (Ellijay, Ga.) and the Dayton, Springfield and Urbana Electric Railway.

His rise in his chosen profession continued even more rapidly as

# DRILL SQUAD PLAN BACKED

Registrations May Be Started Soon

EDINBURG—The movement to organize a volunteer drill squad to organize a volunteer drill squad to teach young men the rudiments of military training is gaining headway here rapidly, J. J. Poinboeuf, deputy sheriff and World War veteran, said Saturday. Poinboeuf is acting for Harry Wilcox, commander of the Edinburg American Legion post, which will sponsor the squad.

He announced that A. C. Statham Edinburg auditor and Legion mem-ber, has been named registration director for the unit. Registration hlanks are expected to be made available shortly for volunteer en-rollees in the squad.

"Quite a number of young fel-

ows have already told us they want to join the squad," Poinboeuf said. "We've even had a lot of the real little fellows—too small to take part in such drills."

Under present plans, the squad would drill regularly at stipulated hours. One of the parks surrounding the county courthouse will probably be used for the drill grounds.

If enough volunteers enlist in If enough volunteers enlist in the group, several sections will be organized with a drillmaster for each. The groups would first learn

simple drilling styles and then the manual of arms.

A motorcycle unit of the drill squad has also been discussed, with several Valley owners showing interest in the project, Poinboeuf re-

The proposed unit here is the first of its type projected in the Valley. Local Legion post members have recommended that other veterans' posts in this section might sound out men in their community with the view to expanding the move-

# French General Hits Armistice, Calls Frenchmen To Join With British

# LOSS CAUSED **BY DEFEATIST GOVERNMENT**

France Hasn't Right Five New Producers To Surrender

LONDON (Sunday)- (A) -General De Gaulle, former assistant to Paul Reynaud, resigned French premier, said in a broadcast in French over British Broadcasting Corporation Saturday, that the effect of the conditions dictated by Germany would be that "French land, sea and

modifized, arms surrendered and the territory of France completely occupied."

The English translation of the broadcast issued by the ministry of information stated General De Gaulle declared;

"France has undertaken not to lay down her arms except in agree-ment with her Allies. So long as these Allies continue the war her government has not the right to surrender to the enemy."

### Defeatist Spirit Hit

"A bad military system, faults committed in the conduct of operations, the defeatist spirit of the government during these recent combats, made us lose the battle of France," he said, but added "there remains to us a vast empire, an intact fleet, much gold."

"There remain to us Allies whose resources are immense and who dominate the seas. There remain to us the gigantic possibilities of American industry.

"Honor, common sense, the interest of the country demand that all free Frenchmen should continue to fight wherever they are and by whatever means they can."

### Urges French Fight

General De Gaulle said he undertook the national task "here in England" of grouping together where possible the "great possible French force.

Everything which can be gathered together in military units and in means to produce armaments should be organized wherever there are any such, he said.

He said ne invited the leaders.

soldiers, the sailors, the airmen of the French forces to get in touch with him. He invited all French people "who wish to remain free" to listen to him and to follow him, and concluded:

### Few Reliefers Are Eligible For Army

AUSTIN —(P)— Tough luck!
The attorney general's department Saturday ruled the state could furnish the U. S. Army with names of men from 18 to 35 on the

relief rolls.

Asked how many potential recruits were on the rolls, a public welfare board official replied:

"Practically none." The board's rolls, it seems, carry only old age pensioners and unemployables who couldn't get in the army anyway.

U. S. Must Provide More Units

McALLEN - State officials have advised Upper Valley civic leaders that there are no more units of the National Guard available, but local interests have not given up their fight for establishment of a military group here.

The campaign for an Upper Valley unit of the guard dates back to 1932 when Mercedes chamber of commerce officials and reserve officers started agitating for the move, explained a McAllen reserve officer Saturday.

A Mercedes delegation went to Austin and asked the adjutant general for a unit, but were told there were no more available. Of course there is plenty of talk about how game Godoy was and he does deserve credit for standing up under the blows of Louis. But such gameness means nothing to a title contender unless he can com-bine it with some stiff punches. bine it with some still punches. Apparently Godoy has no punch. A week ago fans asked: "How long will Vitt last?"

Saturday their question was: "How long will the Indians last?"

The club's ascent to first place on the wings of six straight victories, coming after a 12-player demand that Manager Oscar Vitt be fired, has stirred quiet pennant talk. But the talk is in an undertone, because fans refuse to forget the almost an nual mid-summer drive of the Red-

In a heavily censored dispatch. it was disclosed that the govern-ment remains for the moment at Bordeaux, the provisional capital. From that headquarters, official pokesmen said "fresh French spokesmen sald were holding firm along Alpine frontier-beating attacking Italians from Mont Blanc to the sea despite the menace of

German pressure from the rear. The Germans were pictured as pushing a spearhead down the Rhone Valley behind the frontier defense forces, slowly, steadily despite valiant resistance.

Fighting To Continue

The high command's night communique indicated that while the fighting was less severe, it con-tinued in local combats all along the front.

The Germans apparently were pushing forward with advance and A war office spokesman said the

tired Poilus "are continuing a desperate but not useless fight. Their resistance during the tense hours in which emissaries of their government discussed with the Germans the terms of armistice was said to have enabled France to hold out for the "soldier's peace" which Premier Petain demanded.

### Nazi Columns Slowed

There was no cease firing order Apparently the troops must continue to hold their lines until six hours after agreement is reached with Italy.

Not until then, government spokesmen said, is the armistice effective. It was understood, too the terms of the armistice will not be disclosed until that

Along the western half of the front, the Germans were reported to have made no new advances south of the River Loire, Eastward. however, they pushed ahead over between the Loire and Cher rivers to the United States' proposal for stiff French resistance had slow-

or stopped Nazi columns.

Scanty information available in Bordeaux on the position of the remaining French troops in parts of Alsace and Lorraine, along the German border, indicated they are not completely cut off from the main French armies. # Free Clinic For Mexican Under-Privileged, Children In Alamo Is Proving Big Success

### Legion Auxiliary Is Sponsor For Benefit

By HELEN DAVIS
ALAMO-A busy and interesting place in Alamo on Tuesday afternoon, is the free clinic for Mexican under-privileged children, sponsored by the American Legion Auxiliary No. 475.

It has been in operation for the past three years and is held in the Baptist mission building, the use of which is donated by the Alamo Baptist church.

Miss Nana Smith, county nurse, is there every week to weigh and examine babies and to advise the mothers. She shows them how to prepare the feedings and has devised a way for them to keep the milk from spoiling for 24 hours without ice.

Dr. M. Mannering has been of great assistance, giving generously of his time and counsel. Mrs. Satterlee, president of the auxiliary has been instrumental in dren at the Mexican school. The Alamo Lions club assists with the donation of milk, and Mrs. Pearl Cramer, teacher, has co-operated between school and clinic.

During the past year 1085 children have been attended, five gallons of cod liver oil has been given to the children who come with their bottles to be filled. Twenty-four X-rays have been made with more to follow this month. The clinic has given 22 smallpox vaccinations, 27 diptheria and 36 typhoid inoculations. Eleven children were taken to the free clinic at Harlingen for crippled children, three of which were recommended to the State Hospital at Galveston. The trans-portation for one was paid.

Mrs. Grant Montgomery has served as chairman this year as-sisted by Mrs. Clement Williams as co-chairman. Mrs. Angeleta de la Paz serves as assistant and

McALLEN—Possibility of a Valley-wide adjustment of natural gas rates by the Rio Grande Valley Gas Company was revealed at a conference of Valley mayors with Col. E. O. Thompson, Texas railroad commissioner, here Saturday night.

Following his political rally in Archer Park, Thompson met with representatives of five Valley cities to consider delaying a hearing scheduled on July 9 by the commission on an ordinance recently passed by the City of Harlingen, calling for lower gas rates in that city. The gas company posted bond and appealed from the city ordinance to the commission.

Mayor Hugh Ramsey of Harlingen said at the meeting he had been "approached indirectly" with the suggestion that the hearing be post-

# France's Overseas Empire Is Big Worry For England

French Fleet Of Little Value To British As Industry Not Geared To Work

By KIRKE L. SIMPSON

The fate of France's overseas empire is of greater concern to the world at large than even the fate of her fleet, now reported in British

That is Britain's formal proposal for a voluntary new order in Europe and much of the world. It offers at least a place of temporary refuge behind Britain's fleet for the orphaned fragments of the French, Dutch, Belgian, Danish and Norwegian overseas empires.

# Designer Of Engineering Works Settles In Valley

By A. D. HAWKINS
BROWNSVILLE—William Griffith Moler, 81, of Charlottesville, Va and New York City, one of the foremost engineers in the United States and Mexico, recently selected Brownsville as his residence. He is living near the Mexico he loves so well, but at the same time

living with his brother, H. B. Moler, 1248 Washington street, NW.
Until his retirement only recently, Moler had served as purchasing engineer and fiscal representative in the United States from 1918 to 1939 of Cia. Fundidora De Fierro Y Acero De Monterrey (Monterrey Steel and Iron Works).

Traveled Extensively
Moler has not only traveled extensively in Mexico, but also in Germany and England, where he studied mathematical and scientific subjects, 1883-90, and in Spain where in 1925 he studied and developed the Ebro River power and irrigation

project.
World-wide traveler, engineer, scholar and author, he praised the strategic position of Brownsville as both a seaport and airport, and his settling here is regarded as highly significant.

Moler specialized in railroads. highways and hydraulics, and for many years was a consulting en-gineer. He was the chief engineer of several railroads. He designed and built four water works; surveyed and designed the landscaping of Natural Bridge, Va., and surveyed and designed several townsites.

He is a life member of the Amercan Society of Civil Engineers.

Born In Ohio Born in Springfield, Ohio, Octo-er 1, 1858, and graduating from thio Wesleyan University at the age of 20, later obtaining a master's

field is an interesting story. The young colfege graduate made preliminary railroad surveys from Lancaster, Ohio, to the Ohio Indus-trial Home. The next three years, he served as professor of mathematics and German at Portsmouth,

Ohio, high school. Stepping always higher, and into vaster responsibilities. Moler in 1884 became superintendent of Green-field, Ohio, schools, and within the next seven years was also city en-gineer and chief engineer of the Ohio Southern Railway.

Consulting Engineer He became firmly established as a consulting engineer is the period between 1891-98 with a partnership in the firm of J. D. and William G. Moler, serving professionally as a civil and consulting engineer.

That period saw him as chief engineer for the Ohio Southern engineer for the Railroad, Kanawha and Gauley Coal Railroad, Kanawha and Gauley Coal Railroad for coal mining, Ellijay Land Company's lumber railroad (Ellijay, Ga.,) and the Dayton, Springfield and Urbana Electric Railway.

1898-1912: Consulting engineer and special representative for the Republic of Mexico; the James Leffel nd Company, the Pelton Company, Corrugated Bar Company, contractor for the reconstruction of the federal penitentiary in Mexico City, consultant with Waddell and Hedrick on re-enforced concrete Mexican foundations, and representative of Riter Conley Steel Company. S. A. NATIONS

Take Steps

BUENOS AIRES—(P)—Arengtine and Uruguay took the lead among South American republics Saturday in stepping up defense and prepar-

edness programs.
Argentine congressional committees studied an extraordinary defense budget now calling for outlay of 1,000,000,000 pesos (about \$300,-000,000) - a South American record. The figure was 60 per cent higher than the 600,000,000 pesos (about \$180,000,000) originally asked of con-

gress only two days ago.

One source said this increase might be regarded as an indication of Argentina's determination to be prepared in a world "where right

is rapidly giving way to might."
In Uruguay, President Alfredo
Baldomir promulgated a new law banning associations devoted to for-eign propaganda or illegal ends and prohibiting press or radio references "injurious" to countries with which Uruguay maintains friendly rela-tions.

Wild birds and mammals inhabiting the forests, fields and streams are worth millions of dollars annually on a cash basis aside from their esthetic value, the Bureau of Biological Survey pointed out today in a report to Secretary of the In-terior Harold L. Ickes. The report, written by W. L. Mc-

per cent off. Price attributes part of this to the war which also has cut down in other Texas professional leagues—but the weather has been the principal hindrance.

The East Texas League is having a struggle to exist. Two teams dropped out recently and only six clubs now remain. Some of them are having to take economical measures to prevent following suit.

The West Texas-New Mexico league probably is doing better than any loop in this part of the country. Its attendance is off but about five per cent.

Southern California piled up 44 points to easily turn back the challenge of Stanford, second place team finisher, in a meet which saw the establishment of new NCAA marks in the shot put and 120-yard high hurdles.

Southern Californias domination almost was overshadowed by the day's biggest upset—defeat of Fred Wolcott of Rice Institute in the 120-yard high hurdle event. Winner of this event two straight years and holder of the American mark of 13.9 seconds for this race, Wolcott lost his crown to Big Ed Dugger, Negro star from Tufts.

Running on a track soaked by a long rain Duzger stapped over the highs in 13.9 to clip one-tenth of a second, off the meet record set by Wolcott two years ago. The Tufts star, charging up from behind, gained a decision of inches over Wolcott, whose 13.9 American mark was made so recently that it has not yet been entered in the record books. # Free Clinic For Mexican Under-Privileged Children In Alamo Is Proving Big Success

### Legion Auxiliary Is Sponsor For Benefit

By HELEN DAVIS

ALAMO-A busy and interest-ing place in Alamo on Tuesday afternoon, is the free clinic for Mexican under-privileged children, sponsored by the American Legion Auxiliary No. 475.

It has been in operation for the past three years and is held in the Baptist mission building, the use of which is donated by the Alamo Baptist church.

Miss Nana Smith, county nurse, is there every week to weigh and examine babies and to advise the mothers. She shows them how to prepare the feedings and has devised a way for them to keep the milk from spoiling for 24 hours without ice.

Dr. M. Mannering has been of great assistance, giving generously of his time and counsel. Mrs. Satterlee, president of the auxiliary has been instrumental in starting the free feeding of children at the Mexican school. The Alamo Lions club assists with the donation of milk, and Mrs. Pearl Cramer, teacher, has co-operated between school and clinic.

During the past year 1085 children have been attended, five gallons of cod liver oil has been given to the children who come with their bottles to be filled. Twenty-four X-rays have been made with more to follow this month. The clinic has given 22 smallpox vaccinations, 27 diptheria and 36 typhoid inoculations. Eleven children were taken to the free clinic at Harlingen for crippled children, three of which were recommended to the State Hospital at Galveston. The transportation for one was paid.

Mrs. Grant Montgomery has served as chairman this year assisted by Mrs. Clement Williams as \*co-chairman, Mrs. Angeleta de la Paz serves as assistant and interpreter.

Already a gay round of parties have been planned to fete Miss Jean Epperson of McAllen, whose engagement and coming marriage to James W. Glasscock, also of McAllen, were announced at a tea given by her parents, Mr. and Mrs. John C. Epperson, Thursday at their home. The first event on the pre-nuptial calendar will be a tea next week by a group of Edinburg hostesses.

# Engagement Announced At Elaborate Function Claiming Wide Interest

McALLEN—Two pioneer Upper Valley families will be united with the marriage August 6 of Miss Jean Epper-son and James W. Glasscock, both of McAllen.

The engagement and forthcoming marriage of the well known couple was announced at a smart, summertime tea Thursday at the home of the bride-elect's parents, Mr. and Mrs. John C. Epperson.

The groom-to-be, a Valley newspaper man, is the son of Mr. and Mrs. J. R. Glasscock, who are listed among the earliest settlers in McAllen and who have been prominent in its growth.

# Tea, Shower Courtesy For Miss Brittan

PHARR-Miss Norma Lucile Brittan, daughter of Mr. and Mrs. Glen Brittan, and bride-elect of Jimmy Arthur Jones of Dallas, was named honoree for a beautifully appointed tea and shower Saturday afternoon from four to six o'clock, in the D' Maxey Room of the Casa de Palmas in McAllen. Hostesses were Miss Helen Bell of San Juan, Misses Daisy Ellen and Virginia Polk, Dorothy Flowers, and Cathryne Melton, Mrs. Phil Bonner and Mrs. Marian Bevil of Pharr, all childhood and school mates of the petite honoree.

A profusion of gladiolas in pastel shades, blending with the chosen summery motif, formed the effective decoration for the room. Blooms

in the chosen shades centered the beautiful lace laid table from which tea dainties were served. Adding to the decorative theme was the complete set of fiesta kitchenware, a gift to the henoree from her hestesses, which was displayed with many other lovely gifts.

HARLINGEN - More wide-spread use of the Woman's Buildspread use of the woman's Building by the women of Harlingen and community as well as further improvement of the physical building is a major objective of the administration of Mrs. J. H. Powell as president of the City Federation of Women's Clubs of Harlingen. Although clubs are inactive dur-ing the summer, the committee in charge of the Woman's Building, representing the city federation, continues to serve and has just announced a summer rate for hostesses desiring to entertain there.

During the past year considerable improvement to the building has been carried out by the federation, peen carried out by the rederation, especially in adding needed dishes to kitchen equipment. The shelves are now filled with complete sets of fiestaware.

Another improvement project of the federation is the NYA Girls training unit in Harlingen.

The committee for the Woman's Building includes Mrs. C. H. Simmons, chairman: Mrs. W. P. Briscoe, and Mrs. J. J. Murray.

Federated clubs co-operating in the city-wide program are Afflatus, B. P. W., Harlingen Study, Jun-ior Study, Fine Arts, Junior B. F. W., Haringen Study, Junior for Study, Fine Arts, Junior Fine Arts, Harlingen Garden, and Music Lovers, and Rio Grande Art League, Harlingen Day Nurs-ery, and Lounge Association.

# Bob Hope Will Appear In Spooky Comedy Hit

Paulette Goddard Has Feminine Lead In 'The Ghost Breakers;' Torrid Zone Booked For Valley Showing

BOB HOPE and Paulette Goddard, recently seen together in the screen production of "The Cat and the Canary," again share co-starring honors in one of the most hilarious mystery pictures of the season "The Ghost Breakers," booked for current showing Sunday and Monday at the Arcadia Theatre in Harlingen.

Action is the keynote of the picture, from the very first moment when Miss Goddard finds that she has inherited a haunted castle on an island off Cuba, until she finds out why it was haunted.

It is only natural that two people united in solving such a thrilling riddle should gradually drift into romance, although they are thrown together accidentally in the beginning.

Paul Lukas plays the villain, that is, one of the villains, and a very handsome one, indeed, Richard Carlson makes a dashing character come alive, and Willie Best, as Bob Hope's negro man-servant, is a great foil. Other members of the cast who add to the chills and chuckles include Anthony Quinn, Pedro de Cordoba, Tom Dugan, Virginia Brissac, Noble Johnson, Paul Fix and many others.

# STAR TRIO SEEN IN 'TORRID ZONE'

THE ROMANTIC trio of James Cagney, Ann Sheridan and Pat O'Brien share co-starring honors in the screen's new comedy drama "Torrid Zone," booked for current showing Sunday and Monday at the Rivoli Theatre in San Benito and at the Arcadia Theatre in Harlingen, Thursday, Friday and Saturday.

"Torrid Zone," as its title indicates, has its setting south of the border, down below Mexico way. Pat O'Brien is manager for the fruit company that owns most of Puerto Aguilar, which also makes him the virtual boss of the whole territory. He and his ace plantation manager, played by Cagney, have a standing feud, and are constantly striving to outsmart each other. Miss Sheridan, as an American torch singer trying to earn a slightly dishonest living in the tropics by cheating the natives at cards after wowing them with her singing, helps the feud along.

O'Brien has her arrested and is trying to have her shipped back to

the States, and Cagney inadvertently helps her to escape from her captors. She responds by falling in love with him, but he is far from receptive to her until circumstances give her the chance to prove that she's something more than just a gorgeous and unscrupulous show girl.

nearer to filling the shoes of perfect comedienne than anyone else in the past half dozen years.

Supplying the junior "heart interest" are a young pair of great promise: Noah Beery, Jr., shows himself a chip off the old block in his first role with his uncle, and Anne Baxter, newcomer from the New York stage. Young Noah has easy assurance as the company paymaster. Mitch, while Miss Baxter reveals both charm and fire as Jean. Josic's daughter.

"20 Mule Team" is booked for current showing Sunday and Monday at the Ritz Theatre in Weslaco.

# ANNE NEAGLE STARS IN MUSICAL COMEDY

"IRENE," one of the most popular musical comedies of all time, comes to the screen with the lovely British star, Anna Neagle, in the title-role and Ray Milland co-starred as a New York playboy who falls in love

and Ray Milland co-starred as a New York playboy was fails in love with the peppery heroine.

Running for almost two years on Broadway, and having half a dozen road companies coviring the nation at the time it made its appearance, "Irene" scored an unqualified hit with audiences the country over, and the picture promises to be an even greater success. The four tunes that were featured on the stage, "Alice Blue Gown," " Castle of Dreams," "Irene" and "There's Something in the Air," are stressed in the picture, and a brand new number by the same composers, "You've Got Me Out On A Limb," is also woven into the offering.

Such favorites as Roland Young, May Robson, Billie Burke, Arthur Treacher, Isabell Jewell, Marsha Hunt and Doris Nolan also have featured

## SPENCER TRACY PLAYS ROLE OF EDISON

BRINGING to the screen a true-life picture of one of the most be-loved American characters of all-time in a story that is faithfully authen-tic yet thrillingly dramatic, "Edison, The Man," is to be seen Sunday and Monday at the Palace Theatre in McAllen.

The picture stars Spencer Tracy, twice named by Hollywood players

themselves as the screen's leading actor and now acredited with being the leading portrayer of real-life characters because of his earlier performances as Father Flanagan in "Boys Town," Henry M Stanley in "Stanley and Livingstone" and Major Robert Rogers in "Northwest

Tracy is surrounded by a stellar cast including Rita Johnson, Lynno Overman, Charles Coburn, Gene Lockhart, Henry Travers, Felix Bressart and dozens of other well known actors
